Технические характеристики

Показан пример без декоративных элементов, точность технического описания не гарантируется.

Масса:	0.5 кг
Ширина:	245 мм
Глубина:	175 мм
Высота:	100 мм

OR dirt strainer for holding used equipment such as surgical instruments, syringes, cannulas or catheters.

Strainer in easy-to-clean and hygienic design, made of high-quality, electro-polished and burr-free stainless steel welded mesh with continuous frame at the top and middle strut welded in between for additional stiffening and use as carrier handle. One additional continuous frame in the base area with four U-shaped feet, improving centring when stacking several strainers onto one another. Strainer suitable for placing into a polypropylene bowl and, using this bowl and an appropriate holder, suitable for suspending into a hook trolley or a wall hook rack.

Значения величин и размеров являются приблизительными, точность технического описания не гарантируется. © Hupfer
