The identification sign is used for attaching to baskets to identify different baskets and their contents.

The practical label sign is designed for visible attachment to baskets for the effortless identification of various baskets and their contents. The Hupfer label sign for stainless steel baskets ensures a stylish and clear presentation of information and optimised logistics. The robust construction can be easily clipped on in a highly visible location. The high-quality design guarantees a durable and reliable attachment. The simple application and removal allow for quick and individual adjustment to changing requirements. The sign holder is easy to clean and meets the highest hygiene standards.

- Robust construction allows for easy assembly and reliable fastening - Installation enables clear marking and optimised logistics - Simple attachment and removal allow for quick individual adjustment - High-quality design ensures easy cleaning and optimal hygiene
