Wire basket 100×100×100 mm

Технические характеристики изделия 7500900 | DraKo 100/100/100

Показан пример без декоративных элементов, точность технического описания не гарантируется.

Технические характеристики

Масса:	0.2 кг
Ширина:	100 мм
Глубина:	100 мм
Высота:	100 мм

Multifunctional wire basket for laboratory applications. Basket in hygienic design for easy cleaning, made of high-quality electro-polished stainless steel round material.

The multifunctional wire basket from Hupfer Metallwerke GmbH & Co. KG is a versatile solution for laboratory environments. The sturdy stainless steel basket provides secure and hygienic storage as well as easy transport of instruments, materials, and sterile goods. Its open wire construction ensures optimal ventilation and quick cleaning, enhancing hygiene in medical settings. The wire basket is ideal for sorting, organising, and transporting in sterile or clean areas. Thanks to its durable material quality, it is low-maintenance and reliable. The multifunctional wire basket supports efficient workflows and ensures order and safety in the logistics of medical supplies. Perfectly suited for clinics, laboratories, and medical facilities, this basket offers a practical solution for demanding logistics tasks.

- Polished stainless steel provides an appealing appearance and high durability.
- Corrosion-resistant surface ensures longevity and easy maintenance.
- Hygienic properties enable safe use in medical technology.
- Robust construction offers high stability and load-bearing capacity for demanding applications.
- Environmentally friendly material supports sustainable practices and value retention.
