Масса:	1 кг
Ширина:	555 мм
Глубина:	164 мм
Высота:	82 мм

The hanging rail for attaching to wall hook rails, hook trolleys or packing tables serves for the hygienic storage and organisation of sterile goods in foil packaging with a hanging loop.

The stable hanging rail allows for effortless and tool-free attachment and removal from wall hook rails, hook trolleys, or packing tables. The Hupfer hanging rail is a hygienic storage solution designed for the efficient and comfortable organisation of sterile goods in foil packaging within a medical work environment. The burr-free wire frame made of electrolytically polished stainless steel with permanently welded hooks is stable and can be easily attached to existing structures. The hooks enable a clear and comfortable hanging of sterile goods in foil packaging, ensuring maximum hygiene.

- Stable construction allows for effortless, tool-free attachment and removal
- Hooks enable clear hanging of sterile goods and maximum hygiene
