The stainless steel wire mesh shelf of the Norm 5 rack provides a well-ventilated, safe, and hygienic surface for high loads. It is suitable for continuous use at ambient temperatures from -40°C to +60°C.

The effortlessly attachable wire rack insert made of high-quality stainless steel provides a well-ventilated, safe, and easy-to-clean surface. This insert of the Norm 5 shelf can accommodate high loads. Temperatures ranging from -40°C to +60°C pose no permanent problem either. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees today to buy back your entire shelf at the end of its service life.

- Wire mesh construction in stainless steel ensures well-ventilated, safe, and hygienic storage, preserving the condition of the stored goods. - Quality craftsmanship using high-quality stainless steel enables perfect hygiene and easy cleaning. - Valuable materials ensure sustainability and value retention. - Stable construction guarantees high load capacity. - Modular system allows for easy handling from assembly to cleaning with minimal effort.
