The stainless steel wire mesh shelf of the Norm 5 rack provides a well-ventilated, safe, and hygienic surface for high loads. It is suitable for continuous use at ambient temperatures from -40°C to +60°C.

The effortlessly attachable wire rack made of high-quality stainless steel provides a well-ventilated, safe, and easy-to-clean surface. This rack insert for the Norm 5 shelf accommodates high loads. Temperatures ranging from -40°C to +60°C pose no long-term issues. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees to buy back your entire shelf at the end of its service life.

- Wire mesh design in stainless steel ensures well-ventilated, safe, and hygienic storage while maintaining the condition of the stored goods.
- High-quality processing of premium stainless steel allows for perfect hygiene and easy cleaning.
- Valuable materials ensure sustainability and preservation of value.
- Sturdy construction guarantees high load capacity.
- Modular system ensures easy handling from assembly to cleaning with minimal effort.
