Gastronorm trolley in low version for storing GN 1/1 containers and associated partition elements.

Trolley with one compartment in robust, self-supporting and hygienic design, made of high-quality 1.0 × 1.0" (25 × 25 mm) stainless steel. 7 pairs of welded U-shaped shelf rails at distances of 3.0" (75 mm), with push-through and tilt protections on both sides as per DIN EN 18867-2. Cover plate made of 0.04" (1.0 mm) thick sheet steel, folded by 1.6" (40 mm) on all sides, lined with sound insulation on the underside, suitable for use as worktop. 4 polyethylene disc bumpers serve as bumpers and protect trolley on all sides as well as building-side walls from being damaged. Trolley runs on 4 swivel casters of which 2 with total locks, Ø 4.9" (125 mm), with pin fastening.

The Hupfer gastronorm trolley RWG / AP 1 / 14 GN 75-B-U has the lowest empty weight in comparison to other products and therefore provides outstanding handling properties, while its rail spacing of 75 mm gives it a 50 % greater capacity (when GN containers without lids with a depth of 150 mm are placed in it).
