Closed platform dispenser with height-adjustable platform for storing up to 16 stacks of  $\varnothing$  5.5-11.8" (140-300 mm) round crockery items and rectangular crockery items with edge lengths of 6.3-10.6" (160-270 mm).

The Hupfer Platform Dispenser 600 × 600 mm is a versatile storage solution designed for efficient crockery management in commercial catering. This closed platform dispenser features a height-adjustable platform that accommodates up to 16 stacks of round and rectangular crockery items, enhancing storage efficiency and organisation. Crafted from high-quality stainless steel, the self-supporting and hygienic design ensures durability and easy maintenance. The smooth outer housing prevents contamination, promoting a clean working environment. Effortless operation is facilitated by a removable platform with a ball bearing guide, while easy cleaning access simplifies hygiene maintenance. Polymer corner bumpers provide robust protection, and four swivel casters, including total locks, ensure smooth mobility and secure positioning. The Hupfer Platform Dispenser is the ideal solution for optimising crockery storage and handling in busy catering environments.

- Height-adjustable platform accommodates up to 16 stacks of crockery, enhancing storage efficiency for various dish sizes.
- Self-supporting, hygienic design crafted from high-quality stainless steel ensures durability and easy maintenance.
- Closed, smooth outer housing prevents contamination and facilitates a clean working environment.
