Closed platform dispenser with cooling slots, height-adjustable platform for preparing cold dishes, for storing up to 16 stacks of \varnothing 5.5-11.8" (140-300 mm) round crockery items and rectangular crockery items with edge lengths of 6.3-10.6" (160-270 mm) and for cooling in cooling space according to need.

The Hupfer Platform Dispenser with Cooling Slots 600 × 600 mm is an essential solution for efficient cold dish preparation and storage. Crafted from high-quality stainless steel, this robust dispenser ensures durability and hygiene, making it ideal for commercial catering environments. The closed outer housing features cooling slots that promote rapid air exchange, maintaining optimal temperatures for up to 16 stacks of round and rectangular crockery items. The height-adjustable platform accommodates various sizes, enhancing operational efficiency. Designed for easy cleaning, the accessible stacking compartment and cleaning openings uphold excellent hygiene standards. Ergonomically-shaped push handles and sturdy polymer corner bumpers improve handling and protect both the dispenser and surrounding surfaces. Equipped with swivel casters and total locks, the Platform Dispenser offers smooth mobility and secure positioning. Elevate your catering logistics with this versatile and reliable platform dispenser from Hupfer.

- **High-quality stainless steel construction** ensures durability and hygiene for safe food handling.
- **Closed outer housing with cooling slots** facilitates rapid air exchange, maintaining optimal temperatures for cold dishes.
