Hupfer enables easy storage and transportation of trays. The open design and side guides support efficient organisation and stable hold during transport.

Discover the open tray stacker with side guides from Hupfer – the perfect solution for efficient logistics in commercial catering! This high-quality stainless steel product accommodates trays measuring 530x370 mm and ensures safe and organised storage. The open design allows for quick access to the trays, while the side guides provide stability and safety during transport. Thus, the tray stacker optimises workflows in your kitchen and reduces the time required for serving food. Choose quality and functionality with the open tray stacker with side guides from Hupfer – your solution for smooth and effective hospitality!

- **Open construction:** Allows easy access to trays for efficient handling.
- **Side guides:** Ensures stable support of trays during transport.
- **Compatibility with EN trays (530x370 mm):** Optimal fit for HUPFER dish return conveyors, ensuring seamless integration.
- **Stainless steel material:** Offers high durability and easy cleaning, ideal for use in the catering industry.
- **Space-saving design:** Facilitates storage and organisation in the kitchen.
