<b>Weight:</b>	23 kg
<b>Width:</b>	488 mm
<b>Depth:</b>	655 mm
<b>Height:</b>	1111 mm

*Similar to illustration, technical modifications reserved. Without decoration.*

Serving trolley as mobile worktop and for provision of trays and GN containers during meal distribution using tray transport trolley.

Trolley made entirely of high-quality stainless steel, self-supporting design. Open trolley made of square tubes with one partitionment with special shelf rails for inserting Euronorm trays or GN 1/1-100 containers. Partitionment with closed base plate and vertical push-through protections at the rear. Upper closing shelf with continuous profile edge, as worktop for preparing breakfast, lunch or dinner. Push bars integrated on both sides into the tube frame ensure good manoeuvrability. 4 corner bumpers serve as bumpers and protect trolley on all sides as well as building-side walls from being damaged. Trolley runs on 4 swivel casters of which 2 with total locks,  $\varnothing$  4.9" (125 mm), galvanised steel housing, plastic caster wheel with roller bearing, identical to pneumatic casters and failsafe, with pin fastening.

The Hupfer service trolley SVW 1 is a welded model delivered ready for use, and provides a mobile means of preparation and provision of many utensils required for food distribution practices. The air-free and puncture-proof running surface of the tyres ensure running noises are kept to a minimum, and make it especially suitable for uneven flooring.
