Waste collector in open design, 2-fold, for collecting and transporting waste or dirty laundry in commercially available transport bags.

Trolley in robust, self-supporting and hygienic design, made of high-quality stainless steel. Open design, consisting of two upper holding frames with integrated rubber seals for securely and hygienically holding the transport bags. Frame on three vertical stand tubes, welded to a base plate that is folded on all sides. Foot pedals below the base plate for operating the hygienically closing plastic lids. The opening mechanism in the form of a vertical tube is located on the back of the collector, without interference with the clamped refuse bags. Collector runs on 4 \varnothing 3.0" (75 mm) swivel casters of which 2 with total locks, in corrosion-protected housings, with back-hole fastening.

The Hupfer waste container SWAF-2 provides options for use as a mobile collection unit for waste or dirty laundry, with lids that can be opened hygienically using a pedal.
