Technical data

Modular dimension:	115 mm
Insertion type:	Lengthwise insertion
Payload:	100 kg
Width:	1050 mm
Depth:	651 mm
Height:	1590 mm

Similar to illustration, technical modifications reserved. Without decoration.

Hupfer offers a transport cart for the efficient storage and easy transport of trays. The design allows for an organised arrangement and quick access to the trays during the loading and unloading process.

Discover the tray transport trolley from Hupfer – the perfect solution for efficient logistics in the catering industry. This robust transport trolley made of high-quality stainless steel guarantees high durability and is ideal for intensive use. With a single-walled design, the trolley ensures optimal hygiene and easy cleaning, promoting food safety. The tray transport trolley accommodates up to 20 trays and allows for flexible adjustment to different tray sizes thanks to the height increments of 115 mm. The practical longitudinal loading feature facilitates loading and unloading, saving valuable time. Compatible with Euro Norm and Gastro Norm, this transport trolley fits perfectly into any catering environment. Increase your efficiency and organise your logistics with the tray transport trolley from Hupfer!

- **Stainless steel construction:** High robustness and durability, ideal for intensive use in the catering industry.
- **Single-walled design:** Optimal hygiene and easy cleaning, promotes food safety.
- **Height grid for tray inserts:** 115 mm, allows flexible adjustment to different tray sizes.
- **Longitudinal insertion:** Efficient and time-saving handling when loading and
