Hupfer enables the easy transportation of goods through the swivel caster. The locking function ensures secure positioning during storage or sorting.

The swivel castor with brake Ø125 mm from Hupfer is the ideal solution for efficient logistics in the gastronomy and medical sectors. This high-quality castor allows for effortless movement of goods and equipment, while the practical brake ensures stability. Thanks to the robust material, the swivel castor offers high load capacity and durability. Its elegant design fits perfectly into any professional environment. Optimise your workflows with the castor from Hupfer – for safe, quick, and flexible handling of food or sterile goods. Rely on quality and functionality that will revolutionise your logistics processes.

- **Robust Construction:** Durable materials ensure high stability and reliability.
- **Locking Function:** Secure fixation of the wheel allows for precise positioning and control.
- **Diameter of 125 mm:** Optimal size for easy manoeuvrability in tight spaces.
- **Versatile Application:** Ideal for use in the hospitality and medical sectors.
- **Easy Movement:** Ergonomic design reduces the effort required during transport.
- **Easy Replacement:** Quick installation and maintenance enhance efficiency in daily operations.
