

NORM20 Slatted Shelf

P/N: 0201442 | A-AR/N20 1100/300

HUPFER
we make work flow

Technical data

Max. bay load	150
Weight:	3 kg
Width:	1100 mm
Depth:	239 mm
Height:	49 mm

Similar to illustration, technical modifications reserved. Without decoration.

Hupfer enables the safe storage of goods through stable constructions. The product supports efficient transport and organisation of items through its thoughtful design.

Discover the Norm 20 support grid 1100x300 mm from Hupfer – the perfect solution for efficient logistics in the hospitality and medical sectors. This robust aluminium grid offers an impressive load capacity of 150 kg and ensures the safe storage of your goods. The seamlessly pressed, cross-running rectangular tubes guarantee stability and durability. With a thoughtful design and a spacing of 30 mm, the Norm 20 support grid allows for optimal air circulation, ideal for storing and transporting food or sterile goods. Choose quality and efficiency with the Norm 20 support grid – your solution for organised and secure logistics!

- **Load capacity of 150 kg** - High load capacity supports the safe storage and transport of heavy goods.
- **Aluminium construction** - Lightweight and corrosion-resistant, ideal for use in demanding environments.
- **Seamless compression** - Ensures stability and durability, reduces maintenance requirements, and increases reliability.
- **Rectangular tubes 20 × 7 mm** - Robust design ensures even load distribution and optimises usage efficiency.
- **Distance of 30 mm** - Optimal ventilation and hygiene, particularly important
