The TAWALU tray clearance trolley from Hupfer enables efficient interim storage and return transport of trays. It organises the transport of dirty dishes and ensures space-saving handling.

Height:

The TAWALU tray clearing trolley is a hygienic, torsion-resistant tubular frame construction made of aluminium. Even under maximum load, you can manoeuvre the Hupfer TAWALU with minimal effort. The tray clearing trolley is designed for space-saving interim storage and smooth return transport of dirty dishes in your communal catering, self-service restaurant, cafeteria, or similar establishments.

The firmly welded, sturdy stainless steel tray supports allow trays to be slid in effortlessly. A double-sided push-through guard secures the trays and prevents them from accidentally falling out. Extensive options regarding model, equipment, special dimensions, insertion direction, and colour scheme allow a customised design of your tray clearing trolley. High-quality swivel castors in various versions enable smooth movement and precise manoeuvring.

- Torsion-resistant aluminium construction allows easy driving with minimal effort
- Extensive options enable customised design and individual usage possibilities
- Double-sided push-through protection secures the trays and prevents accidental falling out
