The stainless steel wire mesh shelf of the Norm 5 rack provides a well-ventilated, safe, and hygienic storage space for high loads. It is suitable for continuous use at ambient temperatures ranging from -40°C to +60°C.

The effortlessly attachable wire rack insert made of high-quality stainless steel provides a well-ventilated, safe, and easy-to-clean surface. This insert for the Norm 5 shelf accommodates high load capacities. Temperatures ranging from -40°C to +60°C pose no problem even in the long term. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees today to buy back your entire shelf at the end of its service life.

- Wire mesh design in stainless steel ensures well-ventilated, safe and hygienic storage while maintaining the condition of the stored goods. - Quality craftsmanship using high-quality stainless steel enables perfect hygiene and easy cleaning. - Valuable materials ensure sustainability and preservation of value. - Sturdy construction guarantees high load capacity. - Modular system allows for easy handling from assembly to cleaning with minimal effort.
