Sterile supplies basket for transport, storage and provision of sterile supplies in soft packages, without container insert.

Basket in sterilisable version suitable for washing devices, made of high-quality, electro-polished stainless steel round material and comprising closed wire loops in base and walls. Sterile supplies basket for attaching to wall hook racks or hook trolleys. Special shape of base frame allows stacking of baskets onto one another. Easy handling thanks to frontal carrier handle openings and lateral side hand opening.

The Hupfer sterile supplies basket ISO-1/1 features welded wire loops under the centre of the upper frame, providing particular protection from damage to packaged sterile supplies as well as maximum occupational safety for the service staff.
