## Double basket 505×250×100 mm

P/N: 7501188 | SiSch/VER 505/250/100 SR VG DM

## **Technical data**

Weight: 2 kg
Width: 505 mm
Depth: 250 mm
Height: 100 mm

Similar to illustration, technical modifications reserved. Without decoration.

Compound sieve as combination of strainer bowl and lid, in closed state for provision of sterile supply instruments; open lid serves as disposal strainer for used instruments.

Strainer bowl and lid, each measuring  $9.5 \times 9.8 \times 2.0$ " ( $480 \times 250 \times 50$  mm), safeguarded against shifting through Hupfer locking mechanism. Designed for easy cleaning, can also be used as rinsing basket, made of high-quality electro-polished stainless steel round material. Compound sieves suitable for insertion into sterile supplies baskets; opened sieves stackable onto one another thanks to special shape of base frame.

The Hupfer compound sieve features a special design with two identical mesh baskets that can be combined using a special lock mechanism to form a combined supply and disposal container tray.
