Depth:	254 mm
Height:	50 mm

Similar to illustration, technical modifications reserved. Without decoration.

Hupfer offers a solution for efficient storage and safe transport of materials. The design allows for easy organisation and sorting, simplifying handling.

Discover the Hupfer sieve tray 410x254x50 mm – the ideal solution for the efficient logistics of sterile goods in the medical sector. This high-quality sieve tray made of polished stainless steel combines functionality and elegance. With its practical stacking frame and well-thought-out drop handles, the sieve tray allows for easy handling and space-saving transport. The robust stainless steel ensures durability and hygiene, while the thoughtful design optimises the organisation of sterile materials. Choose the Hupfer sieve tray 410x254x50 mm to enhance your logistics processes and ensure the highest standards in medical care. Ideal for sorting, packaging, and transporting – for maximum efficiency and safety in your daily work.

- **Dimensions:** 410x254x50 mm - Ideal for standardised storage and transport solutions.
- **Material:** Stainless steel, polished - Ensures durability and easy cleaning.
- **Stacking frame:** Integrated - Optimises the storage and transport of food.
- **Fall handles:** Ergonomically designed - Facilitates handling and operation.
- **Versatility:** Suitable for various applications - Perfect for the hospitality industry and catering.
