

Medical general purpose trolley 2 shelves 600×400 mm

HUPFER
we make work flow

Technical data

Payload:	80
Weight:	13 kg
Width:	695 mm
Depth:	495 mm
Height:	900 mm

Similar to illustration, technical modifications reserved. Without decoration.

Standard medical general purpose trolley with deep shelves.

The Hupfer medical serving trolley made of stainless steel impresses with high stability and durable quality. The robust construction with deep-drawn shelves enables reliable transport and easy handling in medical facilities. Bumper wheels protect against damage and provide increased safety during use. Smooth surfaces guarantee optimal hygiene and significantly facilitate cleaning. Corrosion-resistant material ensures long-lasting usability even under demanding conditions. The Hupfer serving trolley offers flexible mobility thanks to practical wheels, thus supporting efficient logistics processes in the medical sector.

- Stainless steel construction ensures high stability and long service life
- Deflector rollers protect against damage and increase safety during use
- Robust design enables reliable transport and easy handling
- Smooth surfaces provide optimal hygiene and facilitate cleaning
- Practical wheels allow for flexible mobility in medical facilities
- Corrosion-resistant material ensures durable usability under demanding conditions
