Technical data

Payload:	120 kg
Weight:	30 kg
Width:	831 mm
Depth:	510 mm
Height:	900 mm

Similar to illustration, technical modifications reserved. Without decoration.

The basket dispenser is used to stack and provide sterile goods baskets for ISO or SPRI units.

The mobile, open sided basket dispenser is used for space-saving stacking and convenient provision of sterile goods in sterile baskets. The Hupfer basket dispenser simplifies the daily work processes in the reprocessing process in every CSSD.

The smooth-running tension spring guide of the platform ensures a constant output height despite different weights of the transported goods and ensures ergonomic comfort.

Thanks to the 4 swivel castors and ergonomically shaped, integrated push handles, the basket dispenser is manoeuvrable and quickly finds its position along the process stations. Corner bumpers protect personnel, basket dispensers and on-site walls from damage. The clear design made of high-quality stainless steel enables easy cleaning and optimum hygiene.

- Spring-loaded platform allows space-saving stacking and convenient provision of sterile goods baskets
- Smooth-running tension spring system enables constant output height and
