The basket dispenser is used to stack and provide sterile goods baskets for ISO or SPRI units.

The mobile, open sided basket dispenser is used for space-saving stacking and convenient provision of sterile goods in sterile baskets. The Hupfer basket dispenser simplifies the daily work processes in the reprocessing process in every CSSD.

The smooth-running tension spring guide of the platform ensures a constant output height despite different weights of the transported goods and ensures ergonomic comfort.

Thanks to the 4 swivel castors and ergonomically shaped, integrated push handles, the basket dispenser is manoeuvrable and quickly finds its position along the process stations. Corner bumpers protect personnel, basket dispensers and on-site walls from damage. The clear design made of high-quality stainless steel enables easy cleaning and optimum hygiene.

- Spring-loaded platform allows space-saving stacking and convenient provision of sterile goods baskets
- Smooth-running tension spring system enables constant output height and
