

## Surgical clogs rack 955x620x1733 mm

P/N: 7523344 | OP-SchReg 955/620/1733

### Technical data

<b>Weight:</b>	32 kg
<b>Width:</b>	955 mm
<b>Depth:</b>	620 mm
<b>Height:</b>	1733 mm

*Similar to illustration, technical modifications reserved. Without decoration.*

The surgical shoe rack is designed for the efficient storage and organisation of surgical shoes to ensure quick access. Additionally, the surgical shoe rack enables the flexible transport of the shoes, thereby supporting smooth logistics in the surgical area.

The operating room shoe rack 955x620x1733 mm from Hupfer Metallwerke is a hygienic and durable logistics solution for the operating room area. The construction made of high-quality stainless steel guarantees easy cleaning and long-lasting stability. Five spacious shelves provide space for up to 20 pairs of shoes and ensure clear, space-saving storage. The mobile design allows flexible positioning and facilitates quick transport. The ergonomic design supports efficient workflows and quick access to the shoes. The operating room shoe rack optimises organisation and hygiene in medical facilities, thereby contributing to smooth work processes.

- High-quality stainless steel ensures durable stability and easy cleaning
- Five shelves provide generous storage space for organised shoe storage
- Mobile construction allows flexible positioning and facilitates transport
- Ergonomic design supports efficient logistics and quick access to shoes
- Hygienic materials and finish ensure optimal cleanliness in the operating room area
- Compact dimensions allow space-saving integration into medical facilities
