

Hot and cold plate with glass top for central cooling GN 3/1

Similar to illustration, technical modifications reserved. Without decoration.

Technical data

Payload:	27 kg
Capacity:	2070 W
Supply voltage:	220 V
Nominal current:	9,0 A
Protection class:	Class I
Frequency:	50 Hz
Weight:	26 kg
Width:	990 mm
Depth:	530 mm
Height:	202 mm

Hot and cold plate for the presentation and serving of hot and cold food. Device for installation in a counter or mobile bain marie.

High-quality stainless steel unit in stable, self-supporting and hygienic design. A hot and cold plate with a cover plate that ensures optimum temperature distribution due to its excellent temperature distribution is integrated in the cover. The use of a control system with digitally programmable temperatures and cooling pipes for connection to the on-site central cooling system. Self-regulating PTC heating elements with a short heat-up phase and a constant linear temperature curve on the other hand additionally enables a fast change between cold and hot operation in the range from -5°C to +140° C.
