

Stationary shelving set norm 12 with louvred shelf

Similar to illustration, technical modifications reserved. Without decoration.

Technical data

Modular dimension:150 mmMax. bay load200Carbon footprint (TM65 Basic Report)31 kgCOIleWeight:25 kgWidth:1875 mmDepth:400 mmHeight:1800 mm

Rust protection made of polystyrene segments with perforation 75 \times 25 mm on aluminium support beams.

The effortlessly attachable plastic grid insert provides a ventilated, safe, and very easy-to-clean surface that can even be washed in the dishwasher. Despite its low weight, the insert of the Norm 12 shelf supports high loads. Temperatures of -30°C are not a problem even in the long term. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees to buy back your entire shelf at the end of its service life.

- Rust-proof design in plastic with low weight ensures ventilated, safe, and hygienic storage while preserving the condition of the stored goods. - High-quality processing of premium plastic enables perfect hygiene and easy cleaning, even in the dishwasher. - Valuable materials ensure sustainability and value retention. - Stable construction guarantees high load capacity. - Modular system allows for easy handling from assembly to cleaning with minimal effort.
