The stainless steel wire mesh shelf of the Norm 5 rack provides a well-ventilated, safe, and hygienic surface for high load capacities. It is suitable for continuous use at ambient temperatures from -40°C to +60°C.

Height:

The effortlessly attachable wire mesh shelf made of high-quality stainless steel offers a well-ventilated, safe, and easy-to-clean surface. This shelf for the Norm 5 rack supports high load capacities. Temperatures ranging from -40°C to +60°C pose no permanent problem either. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees today to buy back your entire rack at the end of its service life.

- Wire mesh design in stainless steel ensures well-ventilated, safe, and hygienic storage while maintaining the condition of the stored goods. - High-quality processing of premium stainless steel enables perfect hygiene and easy cleaning. - Valuable materials ensure sustainability and value retention. - Stable construction guarantees high load capacity. - Modular system allows for easy handling from assembly to cleaning with minimal effort.
