## Technical data

*Similar to illustration, technical modifications reserved. Without decoration.*

<b>Modular dimension:</b>	300 mm
<b>Temperature resistance:</b>	-40 to +80° C
<b>Max. section load</b>	2000
<b>Carbon footprint (TM65 Midlevel Report)</b>	1028 kgCO <sub>2</sub> e
<b>TM65 Midlevel Report</b>	<a href="#">Link to the certificate</a>
<b>Weight:</b>	108 kg
<b>Width:</b>	2650 mm
<b>Depth:</b>	610 mm
<b>Height:</b>	1800 mm

Plastic container for storage, transport and provision of small medical supplies.

The Hupfer Norm 35 stationary shelving offers a clearly arranged storage solution that has been reinforced to offer high load-bearing capacities for organised logistics. The modular design allows for a needs-specific layout for a wide variety of spatial and temperature conditions, thereby ensuring the most efficient use of space. Uneven floors and temperatures from -40°C up to +60°C are no problem, even on a permanent basis. The shelving is easy to assemble and can be extended at any time in a straight line or even around corners and is easily adapted to changes in everyday logistics. The solid shelf, which can be hooked in effortlessly, is made from high-quality stainless steel and provides a stable and easy-to-clean storage surface while also offering particularly high load capacities. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees that it will buy back all of your shelving at the end of its useful life.

- lateral bracing bars also reinforce the shelving and allow for particularly high load-bearing capacities
- solid shelf ensures safe, hygienic storage and clear access at all times
- high-quality stainless steel workmanship enables easy cleaning and perfect hygiene
- modular system allows for any design and extension and ensures the most efficient use of space
