 1400 mm

The stationary shelving is designed for storage and to optimise space utilisation. The shelving has a high load capacity and is suitable for continuous use at ambient temperatures ranging from -40°C to +60°C. The louvred shelf of the shelving norm 5 provides a ventilated, stable and hygienic storage surface. The set contains 4 shelves per shelf section.

The Hupfer Norm 5 stationary shelving offers a clearly arranged and easily accessible storage solution for organised logistics. The modular design allows for a needs-specific layout for a wide variety of spatial and temperature conditions, thereby ensuring the most efficient use of space. Uneven floors and temperatures from -40°C up to +60°C are no problem, even on a permanent basis. The shelving is easy to assemble and can be extended at any time in a straight line or even around corners and is easily adapted to changes in everyday logistics. The louvred shelf, which can be hooked in effortlessly, is made from high-quality stainless steel and provides a ventilated, stable and easy-to-clean storage surface while also offering high load-bearing capacities. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees that it will buy back all of your shelving at the end of its useful life.

- louvred shelf ensures ventilated, safe and hygienic storage and keeps the stored goods in peak condition
- high-quality stainless steel workmanship enables easy cleaning and perfect hygiene
- modular system allows for any design and extension and ensures the most
