The stainless steel wire mesh shelf of the Norm 5 rack provides a well-ventilated, safe, and hygienic surface for high load capacities. It is suitable for continuous use in ambient temperatures ranging from -40°C to +60°C.

The effortlessly attachable wire rack made of high-quality stainless steel provides a well-ventilated, safe, and easy-to-clean surface. This rack insert of the Norm 5 shelf can support high loads. Temperatures ranging from -40°C to +60°C pose no problem even in the long term. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees to buy back your entire shelf at the end of its service life.

- Wire mesh design in stainless steel ensures well-ventilated, safe, and hygienic storage while maintaining the condition of the stored goods. - Quality craftsmanship from high-quality stainless steel allows for perfect hygiene and easy cleaning. - Valuable materials ensure sustainability and value retention. - Sturdy construction guarantees high load capacity. - Modular system ensures easy handling from assembly to cleaning with minimal effort.
