

Secured Shelving

Secure storage of high quality food items and delicatessens

Our shelving range offers the best storage for any food item – in any storage area.

The Secured Shelving solution complements our shelving program and is compatible with our HUPFER Norm Shelving range.

Valuable goods are not only protected from unauthorized access, but also stored in order.

With Secured Shelving we create ideal storage conditions for your valuable goods and offer the long missed storage security.

Full control and additional security for high quality food items and delicatessens. HUPFER Secured Shelving.

Advantages and benefits at a glance:

- Lockability guarantees secure storage of valuable goods
- Clarity due to perspex doors
- Flexible usage: Either in combination with other HUPFER Norm shelving solutions or as a standalone unit
- Lightweight and yet extremely solid thanks to high-quality aluminium
