Технические характеристики

Размер ячейки:	75 mm
Тип шин:	Crosswise insertion
Полезная нагрузка:	180
Масса:	24 кг
Ширина:	659 мм
Глубина:	739 мм
Высота:	1686 мм

Gastronorm trolley in high version for storing GN 1/1 containers and associated partition elements.

Trolley with one compartment in robust, self-supporting and hygienic design, made of high-quality 1.0 × 1.0" (25 × 25 mm) stainless steel, suitable for inserting into one another with other trolleys of this type. 18 pairs of welded shelf rails at distances of 3.0" (75 mm), with push-through and tilt protections on both sides as per DIN EN 18867-2. 4 polyethylene disc bumpers serve as bumpers and protect trolley on all sides as well as building-side walls from being damaged. Trolley runs on 4 swivel casters of which 2 with total locks, ø 4.9" (125 mm), with pin fastening.

The Hupfer gastronorm trolley RWG / E 1 / 36 GN 75-B-U has the lowest empty weight in comparison to other products and therefore provides outstanding handling properties, while its rail spacing of 75 mm gives it a 50 % greater capacity (when GN containers without lids with a depth of 150 mm are placed in it).
