<b>Полезная нагрузка:</b>	180
<b>Масса:</b>	24 кг
<b>Ширина:</b>	659 mm
<b>Глубина:</b>	739 mm
<b>Высота:</b>	1686 mm

Показан пример без декоративных элементов,  
точность технического описания не  
гарантируется.

Gastronorm trolley in high version for storing GN 1/1 containers and associated partition elements.

Trolley with one compartment in robust, self-supporting and hygienic design, made of high-quality 1.0 × 1.0" (25 × 25 mm) stainless steel, suitable for inserting into one another with other trolleys of this type. 18 pairs of welded shelf rails at distances of 3.0" (75 mm), with push-through and tilt protections on both sides as per DIN EN 18867-2. 4 polyethylene disc bumpers serve as bumpers and protect trolley on all sides as well as building-side walls from being damaged. Trolley runs on 4 swivel casters of which 2 with total locks, ø 4.9" (125 mm), with pin fastening.

The Hupfer gastronorm trolley RWG / E 1 / 36 GN 75-B-U has the lowest empty weight in comparison to other products and therefore provides outstanding handling properties, while its rail spacing of 75 mm gives it a 50 % greater capacity (when GN containers without lids with a depth of 150 mm are placed in it).
