Высота:	770 мм

Показан пример без декоративных элементов, точность технического описания не гарантируется.

Plate transport trolley in low version, loading from one side, for storage and transport of stackable crockery items such as plates and covers in two successive rows.

Trolley in robust, self-supporting and hygienic design, made of high-quality stainless steel. Round tube frame with welded shelf that is inclined by 3° to the rear and provided with reinforcement struts, hygienically folded and rebated inwards, designed for easy cleaning. Rear and frontal guide and safeguarding of inserted crockery stacks through wires running vertically. Push bars integrated on both sides into tube frame ensure good manoeuvrability. 4 polyethylene disc bumpers serve as bumpers and protect trolley on all sides as well as building-side walls from being damaged. Trolley runs on 4 swivel casters of which 2 with total locks, \varnothing 4.9" (125 mm), with pin fastening.

The Hupfer plate transport trolley TETW/n 1-6 / 26 provides space for two rows of dishes in succession, and has a low installation height, which provides the option of pushing it under work tables, for example, and allows space-saving storage of larger quantities of tableware as well, keeping it within reach close to the intended place of use.
