Roller mobile platform frame with push handle for empty and stocked 600×400 mm Euro containers.

Stable and hygienic stainless steel design. Tub-shaped platform with all-round upstand and push handle made of rectangular tube firmly welded with two gusset plates. 2 solid corner bumpers on the front protect both the trolley and walls from damage. Trolley on 4 swivel castors, including 2 with total brakes, ø 125 mm, with panel fixing in front and pin fixings on push handle side.

The Hupfer basket trolley for Euro containers KR 60-0 EB features a platform with all-round raised edges, making it sturdy to push and ensuring the stacked containers are properly secured in comparison to other products.
