The tray dispenser is used for the transport, intermediate storage and ergonomic provision of trays in different formats and sizes.

The Hupfer tray stacker makes your work processes much easier and your kitchen logistics run smoothly. The stacker picks up trays in different shapes and sizes in stacks. In the customer area at the self-service counter or at the food distribution belt - the tray stacker provides you with the trays ready to hand for distribution at an ergonomic working height. Ergonomically shaped push handles, solid bumper corners and 4 swivel castors allow you to move and place the stacker safely. The stainless steel construction is easy to clean thanks to the high-quality and well thought-out workmanship and ensures maximum hygiene.
