Глубина:	450 мм
Высота:	60 мм

Показан пример без декоративных элементов, точность технического описания не гарантируется.

The lid, including the fastening made of white polystyrene, is used to seal a medical collector without a foot pedal.

The high-quality lid, including fastening, serves for the hygienic and secure closure of a collector without a foot pedal. The Hupfer lid, including fastening, is the perfect addition to complete a collector. The construction made of robust white polystyrene is high-quality and durable. The hinge, firmly connected to the lid, allows for easy attachment to the collector and ensures convenient opening and closing of the lid. The handle supports easy and hygienic handling.

- High-quality design ensures robustness and durability
- The lid hinge allows for easy attachment and simple opening and closing
- The handle supports easy and hygienic handling
