The sieve basket divider is used to partition the sieve basket.

The perfectly fitting sieve basket divider is designed for optimal subdivision of the sieve basket. The Hupfer sieve basket divider ensures maximised efficiency in instrument preparation. The screw-in construction made of perforated stainless steel sheet guarantees stable subdivision and a clear overview in the sieve basket. The high-quality workmanship ensures perfect hygiene and a long lifespan for the sieve basket divider. The fastening accessories tailored to the sieve basket guarantee easy handling and secure positioning of the sieve basket divider. The well-thought-out perforation ensures optimal water circulation and thorough cleaning of all instruments.
