The hanging rail for attaching to wall hook rails, hook trolleys or packing tables is used for hygienic storage and organisation.

The stable hanging rail allows for easy and tool-free attachment and removal from wall hook rails, hook carts, or packing tables. The Hupfer hanging rail is a hygienic storage solution that enables efficient and comfortable organisation of sterile goods in foil packaging within a medical working environment. The burr-free frame made of stainless steel sheet with permanently welded hooks is stable and can be effortlessly attached to existing structures. The hooks allow for a clear and comfortable hanging of sterile goods in foil packaging, ensuring maximum hygiene.

- Stable construction allows for effortless, tool-free attachment and removal
- Hooks enable organised hanging of sterile goods and maximum hygiene
