Känguruh platform 6 StU

Технические характеристики изделия 7504619 | KÄ-UG 6StE 850/700/307 SH260

Технические характеристики

Полезная нагрузка:	120 kg
Масса:	17 кг
Ширина:	850 мм
Глубина:	700 мм
Высота:	307 мм

Показан пример без декоративных элементов, точность технического описания не гарантируется.

Base frame as part of the KÄNGURUH-SYSTEM® for transferring two 3 STE rack frames next to each other or one 6 STE rack frame from a transfer dolly coupled at the front, for storing standardised sterile supplies containers or baskets.

Base frame in robust, self-supporting and hygienic design, made of high-quality stainless steel. Smooth platform in easy-to-clean and hygienically-folded design, rebated inwards, for coupling and fixing of rack frames with screw-on mushroom-head guide pin and anchor blocks, provided with reinforcement profiles on the underside. Frontal coupling with two-point locking for safe docking to a transfer dolly. Continuous polyethylene bumper strip running on three sides serves as bumper and protects the base frame and other system components from being damaged. Frame in stationary design on four height-adjustable feet made of ø 1.0'' (25 mm) round tubes on 2.0 × 1. 2'' (50 × 30 mm) base plates with hole for optional floor bracket.
