Instrument table in mobile design, with removable tabletops.

Table in robust, self-supporting and hygienic design, made of high-quality stainless steel. Electrically conducting square tube frame design with two loosely attached tabletops. Tabletops with profile edge forming a protective gallery, hygienically folded, designed for easy cleaning. Trolley runs on 4 swivel casters, 2 with total locks,  $\varnothing$  3.0" (75 mm), with back-hole fastening, chrome-galvanised housing, plastic caster wheel with double ball bearing and thread guard, electrically conducting (antistatic), dimensions as per DIN 18867-8.

- Stainless steel construction ensures high stability and long service life
- Corrosion-resistant material provides hygienic and easy cleaning
- Robust design allows secure storage and organisation of medical instruments
- Smooth surface finish prevents dirt accumulation and supports optimal hygiene
- Easy-rolling castors offer flexible mobility and facilitate transport within the work area
- Practical storage surfaces enable organised work and quick access to instruments
