The flat roof made of stainless steel ensures visually clean connections all around the tall cabinets and provides additional storage space.

The flat roof provides a robust and reliable cover that ensures additional stability and effectively protects against dust accumulation.

The flat roof not only complements the aesthetic appearance of the tall cabinets but also offers a practical surface for additional uses.

- High-quality workmanship using premium stainless steel ensures perfect hygiene and easy cleaning
- Provides additional stability
- Effectively protects against dust accumulation
- Practical surface for additional usage options
