

Stationary shelving set norm 20 with solid shelf

Технические характеристики изделия N20GS32003001400 | RS-N20-GS/3200x300x1400

Технические характеристики

Показан пример без декоративных элементов,
точность технического описания не
гарантируется.

Размер ячейки:	150 mm
Max. bay load	150
Max. section load	600
Carbon footprint (TM65 Midlevel Report)	627 kgCO ₂ e
TM65 Midlevel Report	Ссылка на сертификат
Масса:	29 кг
Ширина:	3150 mm
Глубина:	300 mm
Высота:	1400 mm

The stationary shelving is designed for storage and to optimise space utilisation. The shelving has a high load capacity and is suitable for use at an ambient temperature of -30°C. The solid shelf, made from aluminium, of the shelving norm 20 provides a stable and hygienic storage surface. The set contains 4 shelves per shelf section.

The Hupfer Norm 20 stationary shelving is a lightweight structure made from anodised aluminium. The shelving offers a clearly arranged and easily accessible storage solution for organised logistics. The modular design allows for a needs-specific layout for a wide variety of spatial and temperature conditions, thereby ensuring the most efficient use of space. Uneven floors and temperatures from 40°C to +60°C are no problem, even on a permanent basis. The shelving is easy to assemble and can be extended at any time in a straight line or even around corners and is easily adapted to changes in everyday logistics. The solid shelf, which can be hooked in effortlessly, is made from anodised aluminium and provides a stable, easy-to-handle and easy-to-clean storage surface. This shelf holds heavy loads despite its light weight. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees that it will buy back all of your shelving at the end of its useful life.

- solid shelf made from lightweight aluminium ensures easy handling, safe, hygienic storage and clear access at all times
- high-quality aluminium workmanship enables easy cleaning and perfect
