Rust protection plate made of polystyrene segments with perforation  $75 \times 25$  mm on aluminium support beams.

The effortlessly attachable plastic grid insert offers a ventilated, safe, and very easy-to-clean surface, even dishwasher-safe. Despite its low weight, the insert of the Norm 12 shelf can support high loads. Temperatures of -30°C are not a problem even in the long term. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees to buy back your entire shelf at the end of its service life.

- Rust-proof design in plastic with low weight ensures ventilated, safe, and hygienic storage while maintaining the condition of the stored goods. - Quality processing of high-quality plastic allows for perfect hygiene and easy cleaning, even in the dishwasher. - Valuable materials ensure sustainability and preservation of value. - Stable construction guarantees high load capacity. - Modular system ensures easy handling from assembly to cleaning with minimal effort.
