Размер ячейки:	300 mm
Max. bay load	250
Max. section load	2000
Carbon footprint (TM65 Midlevel Report)	737 kgCO ₂ e
TM65 Midlevel Report	Ссылка на сертификат
Масса:	79 кг
Ширина:	2175 мм
Глубина:	510 мм
Высота:	1800 мм

The stationary shelving is designed for storage and to optimise space utilisation. The shelving has a particularly high load capacity and is suitable for continuous use at ambient temperatures ranging from -40°C to +60°C. The solid shelf of the shelving norm 35 provides a stable and hygienic storage surface. The set contains 4 shelves per shelf section.

The Hupfer Norm 35 stationary shelving offers a clearly arranged storage solution that has been reinforced to offer high load-bearing capacities for organised logistics. The modular design allows for a needs-specific layout for a wide variety of spatial and temperature conditions, thereby ensuring the most efficient use of space. Uneven floors and temperatures from -40°C up to +60°C are no problem, even on a permanent basis. The shelving is easy to assemble and can be extended at any time in a straight line or even around corners and is easily adapted to changes in everyday logistics. The solid shelf, which can be hooked in effortlessly, is made from high-quality stainless steel and provides a stable and easy-to-clean storage surface while also offering particularly high load capacities. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees that it will buy back all of your shelving at the end of its useful life.

- lateral bracing bars also reinforce the shelving and allow for particularly high load-bearing capacities
- solid shelf ensures safe, hygienic storage and clear access at all times
- high-quality stainless steel workmanship enables easy cleaning and perfect
