точность технического описания не
гарантируется.

Rust cover made of polystyrene segments with perforation 75 × 25 mm on aluminium support beams.

The effortlessly attachable plastic grid insert provides a ventilated, secure, and very easy-to-clean surface, even dishwasher safe. Despite its light weight, the insert for the Norm 12 shelf accommodates high loads. Temperatures of -30°C are not a problem even over long periods. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees to buy back your entire shelf at the end of its service life.

- Rust-proof design in plastic with low weight ensures ventilated, safe, and hygienic storage and the preservation of the condition of the stored goods. - High-quality processing of premium plastic enables perfect hygiene and easy cleaning, even in the dishwasher. - Valuable materials ensure sustainability and value retention. - Sturdy construction guarantees high load capacity. - Modular system ensures easy handling from assembly to cleaning with minimal effort.
