гарантируется.*

Rust protection cover made of polystyrene segments with perforation 75 × 25 mm on aluminium support beams.

The effortlessly attachable plastic grid insert provides a ventilated, safe, and very easy-to-clean surface that can even be washed in the dishwasher. Despite its low weight, the insert of the Norm 12 shelf supports high loads. Temperatures of -30°C are not a problem even in the long term. The materials used are sustainable, 100% recyclable, and so valuable that Hupfer guarantees today to buy back your entire shelf at the end of its service life.

- Rust-proof plastic construction with low weight ensures ventilated, safe, and hygienic storage while preserving the condition of the stored goods. - High-quality processing of premium plastic enables perfect hygiene and easy cleaning, even in the dishwasher. - Valuable materials ensure sustainability and value retention. - Sturdy design guarantees high load capacity. - Modular system allows for easy handling from assembly to cleaning with minimal effort.
